

JUT STUHL

By Studio Vondom

The Jut collection was the first collection of minimalist outdoor furniture created by Vondom Studio; which was characterized by its ergonomic shapes, functionality and because it was 100% recyclable.

The different products that compose this collection: lounge, sofa, armchair, chair, armchair, tables, stools and high table, are manufactured by the rotational molding process, with a polyethylene resin; which is a 100% recyclable.

This collection is also composed by the "Lisa" outdoor carpets, Bubbles and The Second Light lamps, which make this a complete collection for those terrace spaces in which minimalism and exclusivity are an essential.
