

MARQUIS PLANTER Ø40x60

By JM Ferrero

Marquis, originating from the inspiration of diamond cutting. Its polygonal design recalls facets created through cutting. The clear and stylish shapes make a huge visual impact. Circular or oval, and in 2 combinations of colours, they give a space great dynamism. The continual search to try and come up with something different allows us to create items with a very smart look, that are at the same time surprising due to their geometric designs.
