

QUARTZ SILLA PLEGABLE

By Ramon Esteve

The Quartz collection is characterized by its orthogonal geometry and triangular shaped profiles. Due to the line of one of its vertices this piece appears extremely light. Inspired by the Quartz Stone and its properties such as its hardness and strength, in addition to the distinctive finish of its shapes. Our chairs have clean cut lines and geometric lightness that blend totally in any environment. Primarily, the Quartz collection stands out for its quest for neutrality and its timeless design.
