Marquis planter ø40×60

by JM Ferrero

Marquis, designed by Estudi{H}ac for Vondom, is a contemporary line of modern planters **inspired by the intricate art of diamond cutting**. Featuring a striking polygonal design reminiscent of cut gemstones, these modern planters add sophistication to any space. Each piece is meticulously designed and crafted in Europe, ensuring high quality and functionality.
In addition to the planters, the collection includes an **exquisitely designed modern table lamp**. This lamp enhances the aesthetic with its sleek, geometric design that perfectly complements the modern planters. Together they create a stylish look that transforms any space into a chic oasis, ideal for design enthusiasts looking to make a statement.
