Biophilia coffee table 101x67x

by Ross Lovegrove

The Biophilia furniture design collection, by <u>Ross Lovegrove</u>, opens up a fresh path in design that initiates a dialogue among time, shape, and space. It merges the pioneering natural design of <u>Antonio Gaudí's Sagrada Familia</u>, <u>VONDOM</u>'s adeptness in advanced rotational moulding technology, and the current line of research on digital transference into modern design.

Info

Description

Made of polyethylene resin by rotational moulding. 100% Recyclable. Item suitable for indoor and outdoor use. Available in different finishes.

Weight: 15 Kg
