

Ibiza bar stool 74,5 cm

by Eugeni Quitllet

This sustainable furniture collection is the first of its kind, as it is made entirely from recycled fishing nets from the Mediterranean Sea. At Vondom, we are committed to creating a better future for all, and this collection is a reflection of that commitment. Designer Eugeni Quitllet drew inspiration from the idyllic natural surroundings of his childhood home in Ibiza to create a unique collection with a Mediterranean feel. The pieces in this collection are wave-shaped and resemble seashells, creating a beautiful and sustainable addition to any space.
