

A modern dining room with a wooden wall and several tables and chairs. The text "VONDOM WOOD" is overlaid in the center. The room features a light-colored wooden wall, a light-colored floor, and several tables and chairs. The tables are round and square, and the chairs are black with wooden legs. The text "VONDOM" is in a large, bold, white font, and "WOOD" is in a smaller, bold, white font below it.

# VONDOM

## WOOD

At Vondom we are always in search of natural beauty, which is why **we are committed to organic materials** such as wood, giving our collections a unique personality.

We incorporate different woods for our furniture, with a **warmer and more relaxed style**. A material that enhances the beauty of the environment in which they are placed, turning it into wonderful spaces where we feel like feeling, living and enjoying.

# FRAXINUS

---

A very versatile wood that offers **excellent quality and resistance**.

At Vondom **we use ash wood for the legs of tables and chairs**, available in two shades. They are ideal pieces for cutlery.

# IROKO

---

It is a tropical wood well **known for its strength, stability and durability**. It has an antiseptic resin that makes it resistant to attack by various organisms such as termites or fungi.

It is a **very versatile material, 100% recyclable**, a perfect solution for both indoor and outdoor furniture.

# TEAK

---

It stands out for its **resistance to extreme weather conditions and water**. In addition, it has a natural oil coating that makes it impermeable, prevents rotting and provides resistance to fungi, termites and wood-boring pests.

A proposal for outdoor furniture that Vondom offers in **two finishes: natural and aged**.

\* Natural teak acquires a beautiful silver-grey finished over time. This ageing process varies depending on the climate.

# FINISHES

---

**Ash Wood.**   
Madera de fresno.

Wood 1 9001

Wood 2 9002

**Teak Wood.**   
Madera de Teca

Natural Teak 9003

Weathered Teak 9004

**Iroko.**   
Madera de iroko.

# CLEANING AND CARE

---

Our production is governed by the standards of our quality assurance system ISO 9001:2008 and environmental system ISO 14001:2004. And we use only the **highest quality materials** to guarantee a long product life.

## **Steps for the correct furniture maintenance:**

- Clean with soap and water.
- Furniture, cushions and covers should be clean and dry before covering.
- Cushions should be removed - where possible - before rainy days to prevent mould and mildew.
- If cushions get wet, turn them on their side with the zip down and unzip the zip to ensure that all water drains out.
- Avoid getting water on the surface of the furniture.
- For better preservation of the furniture, it is advisable to cover it with covers.
